FOOD & DRINK TECHNOLOGY

Ingredients • Processing • Packaging

FROM THE EDITOR

Food & Drink Technology is a multi-platform publication providing in-depth news, views, trends, opinions, features, and technological innovations circulated to decision-makers involved in the processing, packaging and ingredients markets in food and drink manufacturing. Each edition updates readers with current trends and developments, as well as new products and services launched into the marketplace.

With a stellar publishing performance of more than 20 years, the Food & Drink Technology brand has emerged as an authoritative voice of the industry, respected for its independent views and knowledge of the sectors. Its trusted content reaches thousands of owners, CEOs, MDs, senior and mid-level technologists, engineers, and other food and drink professionals around Europe. Through interviews of business leaders, columns by experts, articles from professionals, reports of industry bodies, and analysis from market research organisations, Food & Drink Technology addresses the challenges and opportunities that matters to its readers, helping them make informed decisions and run businesses more successfully.

BLEED SIZE

SAFE AREA

WHAT IS BLEED

Adverts with images or backgrounds that meet at the edge of the page must include a **3mm extra content** on each side to avoid the risk of being trimmed in the printing process, and showing a white gap at the edge of your advert. All ads **NEED** to be supplied with crop marks.

WHAT IS THE SAFETY MARGIN

All type and important information must be contained in a **10mm margin** around all edges of the page to avoid being trimmed off in the printing process.
